Explanatory Attachment to Notice of Non-Compliant Amendment

Effective 30 July 2003, amendments filed under 37 CFR 1.121 must be filed using the following rules:

(A) When there is an amendment to the abstract, if the changes are minor in nature, submit a replacement abstract with markings to show all changes relative to the immediately prior version. If the abstract is being substantially rewritten, submit a new abstract in clean text (no markings) accompanied by an instruction to cancel the previous abstract. Any new or replacement abstract must be submitted on a separate sheet (37 CFR 1.72).

The amendment to the abstract filed 28 August 2006 is non-compliant insofar as both an abstract with markings and an abstract without markings are included in the amendment. For submission of an amendment to an abstract, either one or the other must be submitted (but not both) to be in compliance with 37 CFR 1.121 as indicated above. It is noted that the submission of a substitute specification with a marked-up copy does not include the abstract submitted under 37 CFR 1.121 after the rule changes of 30 July 2003.
